Chairman Hays Declares There Will be no Bolt in Convention

BULLETIN.
E. J. Gross was named member of the Resolutions committee from Wisconsin. It was announced at 3:00 o'clock this afternoon.

(By the Associated Press)
COLISEUM, CHICAGO—The Republican National convention spent two hours in its first session, the principal business of which was to perfect its temporary organization and hear the keynote speech by Senator Lodge of Massachusetts. After that it was adjourned until 11 o'clock tomorrow morning and meanwhile committees went to work.

The convention was actually called to order at 11:34 a. m. soon after chairman Hays appeared on the platform and was greeted with shouts of applause and cheers. The old guard came early. In the old days they were the last to arrive being held back by conferences. As many of the leaders took their seats without causing a ripple of excitement the band played a mournful air.

There were many women delegates and alternates on the floor. At 11:34 Chairman Hays brought the gavel down with a smack and the convention came quickly to order. Bishop Charles E. Woodcock of Louisville, Ky., offered the opening prayer.

The prayer was a long one and at its conclusion the band broke into the Star Spangled Banner at the request of a song leader. The swelling cheers filled the great hall and a sea of American flags were waved throughout the singing. "Now" shouted the leader, "three cheers for the greatest country on earth, the United States of America."

Three rolling cheers rocked the big hall. The Republican party has met in this free and open convention said Hays to accept from the people of the United States. As chairman of your national committee I report progress. By next November the majority of the Republican party should be at least three million. I report fulfillment. The great party of the union has become a nation. It shall continue to be so. There will be no bolt in this convention."

Roars of cheers greeted that statement. Chairman Hays then introduced Senator Lodge as the temporary chairman and the convention let him more cheers and a rolling chorus. Ayes affirmed the selection of a committee to escort to the convention. Mr. Dewey of New York, Myron T. Herrick of Ohio, and Mrs. J. B. Hume of California were appointed.

CHICAGO—The committee on resolutions as officially announced follows: Alabama, J. Curtis; Arizona, S. F. Noon; Arkansas, A. J. Bassett; California, John F. Neyland; Colorado, C. C. Hamlin; Connecticut, Isaac I. Mullan; Delaware, L. H. Ball; Florida, J. T. Dickey; Georgia, B. J. Davis; Idaho, W. E. Dwyer; Illinois, Medill McCormick; Indiana, James E. Watson; Iowa, Chas. William T. Evjue, editor of The Capital Times, is on the fighting front at the G. O. P. Convention in Chicago. Mr. Evjue will provide Capital Times readers with sidelights on the big meet, with special slants toward the activities of the Badger delegation.

BY WILLIAM T. EVJUE
The platform of Senator La Follette is going on the floor of the republican national convention.

It is going regardless of any negative action which might be taken by the resolutions committee. This was decided by the Wisconsin delegation Monday night at a caucus in the Atlantic hotel. The delegates declared their intention of carrying the La Follette plank into the G. O. P. meet, even though the resolutions committee should turn them down.

During the caucus James Thompson withdrew in favor of E. J. Gross for a position on the resolutions committee. After nominating Gross, Thompson delivered tribute to La Follette in a speech to the delegates. Mention of the senator's name was roundly applauded.

Atty. Gen. John J. Blaine was named chairman of the delegation. In addition, the following recommendations were decided upon:

National committeeman—Alfred T. Rogers (Madison).
Resolutions committee—E. J. Gross (Milwaukee).
Credentials committee—H. J. Mortenson (New Lisbon).
Committee on permanent organization—Henry Krumrey (Plymouth).
Committee on rules—T. M. Thomas (Ladysmith).

Committee to notify presidential nominee—Eugene Wengert (Milwaukee).
Committee to notify vice presidential nominee—Dr. Joseph Barber (Marathon).
Honorary vice president of the convention—Dwight Parker (Pennimore).

Lieut. Gov. E. F. Dithmar was elected sergeant at arms and Peter Leuch (Milwaukee) secretary of the caucus. Mrs. H. M. Youmans of Waukesha read the sixteen women alternates. Wisconsin women are participating in a convention for the first time in history.

Gov. E. L. Philipp arrived Monday to sit in on the big show. George A. West, chairman of the republican state central committee, is also on hand. Among other prominent Badgers who have arrived for the meet are: Cameron Fraser, Menominee Falls; Chris Ellingsen, Ladysmith; Dave Atwood, Madison; Senator Otto Bosshard, La Crosse; Lawrence C. Whitte, Edgerton; George Kispert, Jefferson; Alvin Helerson, Prairie du Chien; Dr. Frank Smith, Madison, and Congressman C. E. Randall, Racine; E. E. Browne, Waukegan, and James Frear, Hudson.

PHILIPP HAS EYES ON VICE PRESIDENCY

Governor in Chicago to Make Drive for Job, Report

BIG STAFF GOES ALONG

If Sproul is Nominated, Pennsylvania Delegates Will Ask for Philipp

(By a Special Correspondent)
CHICAGO—Governor Philipp is here making a drive as nominee for vice presidency. Philipp men say that if Gov. Sproul of Pennsylvania is nominated for president by the republican convention, it is practically certain the Pennsylvania delegation will demand that E. L. Philipp, governor of Wisconsin, be the vice presidential nominee. That Governor Philipp is hopeful is indicated by the staff of administration men from Wisconsin which he has gathered about him at the Chicago convention. L. C. Whitte, private secretary to the governor and his chief political advisor, is here.

Dave Atwood, head of the state printing board; Dr. Frank Smith, Madison; Chris Ellingsen, Ladysmith, and George Kispert, Jefferson, are also at the convention working for Philipp's nomination, and it is said, that on Wednesday the Philipp forces will be augmented by a large number of men who have been close to Governor Philipp in Wisconsin politics. State Treasurer Henry Johnson, M. F. Blumenfeld and George J. Weigle, the two latter Philipp appointees, will be here Wednesday to press Philipp claims.

There are some who believe that Justice Charles E. Hughes has a prior claim to the nomination as a dark horse candidate over Gov. Sproul. Even here the Philipp men claim there would still be a possibility of Philipp's elevation as the vice presidential candidate. Gov. Philipp is not on the Wisconsin delegation. He was a candidate for delegate but was defeated.

SEND TELEGRAM TO LA FOLLETTE

Badger Delegates at Convention Send Solicitation to Senator

To the Editor of The Capital Times: Senator La Follette had a splendid night with no suffering and almost no pain. This morning doctors were delighted with his remarkable comeback.

ROBERT M. LA FOLLETTE, JR.
Rochester, Minn.

ROCHESTER, Minn.—United States Senator La Follette was declared to be "out of danger" in a statement issued today by Dr. W. J. Mayo.

Telegram Is Sent.
CHICAGO—Badger state delegates forgot politics long enough Monday night to send a telegram to Senator La Follette, who submitted to an operation at the Mayo hospital Monday morning, expressing hope for his recovery. The following telegram was read by Attorney General John J. Blaine, and Senator John M. Whitehead, Janesville, one of La Follette's oldest political enemies, moved that it be sent to the senator: "The Wisconsin delegation sends to you its sincerest solicitation for your early recovery."

Everybody in the room, including the delegates, alternates and newspapermen, approved the telegram by a rising vote.

REAR WHEEL QUILTS AND TRUCK STOPS

A rear wheel of Kaplan's fruit store truck parted company with the hub and the truck stopped on the street car track at the intersection of State and No. Frances sts. at 11:15 o'clock Tuesday morning. John Gugel, the driver, unloaded the truck and rolled it to the curb with the aid of spectators. There was but slight delay to traffic.

High Spots In Lodge "Keynote" Speech To Republican Convention

CHICAGO—A summary of high spots touched by Senator Lodge follows: "Mr. Wilson and his dynasty, his heirs and assigns, or anybody that is his, anybody who with bent knee has served his purposes, must be driven from all control, from all influence upon the government of the United States."

"They must be driven from office and power, not because they are Democrats, but because Mr. Wilson stands for a theory of administration and government which is not American."

"The return of the Democrats to power with Mr. Wilson or one of his disciples still the leader and master of a great party, which before his advent possessed both traditions and principles, would be a long step in the direction of the autocracy for which Mr. Wilson yearns and a heavy blow to the continuance of free representative government as we have always conceived and venerated it."

"Mr. Wilson and the autocracy he represents, and all which those who believe in his doctrines and share his spirit represent, must be set aside and conclusively excluded from any future control."

"The defeat of the present administration and all it means, transcends in importance every other question and all immediate and dominant issues are bound up with it. Without that defeat every chance of the right settlement of the mighty questions before us, so sorely needed now and not later, will depart."

URGES ELECTION OF LA FOLLETTE

Sol Levitan Declares This Would Solve Republican Crisis

CHICAGO—"In asking the republicans to nominate Senator La Follette, I am animated by a love of country and love for the republican party," declared Sol Levitan, president of the Commercial National bank of Madison, in a statement here today.

Mr. Levitan was a presidential elector for Taft in 1912, and is an alternate delegate to the present convention. He added:

"The republican party of the country faces a crisis, which can be solved by an overwhelming victory at the polls next November if the convention nominates Senator La Follette of Wisconsin for president."

"The people of the country are skeptical over the nomination of the man who have spent large fortunes in attempting to get the republican presidential nomination," continued Mr. Levitan. "The progressives of the country, the farmers, the laborers and small businessmen want a man in this national crisis who will restore peace and prosperity. The unrest today has been caused by injustices. If the republican party nominates La Follette it will sweep the country. Back of him will be the toilers everywhere, back of him will be the farmers, and the business men can afford to take a man whose statesmanship is a guarantee that they will be fairly treated. He is neither a wild radical or a stalwart conservative. He is a real statesman of the people."

"I have always supported the republican party. I resigned the presidency of a national bank in 1912 in order to serve the party as a Taft presidential elector and I tell you today and the delegates to this convention that the one man who will satisfy this nation and the people who Lincoln loved, is Senator La Follette. His nomination will merge all elements of the nation into union and insure victory. It will bring order to this country and business prosperity to the farm, the factory and the market place."

Pope Is Ill—Pope Benedict is suffering from an attack of rheumatism.

"To maintain law and order and a stable government where justice rules and the right of all men, high and low, rich and poor, shall be protected, we must have a government of the people, duly chosen by the people, and never must there be permitted any government by a single man or by a group of men, or by any organized minority."

"Many vital economic measures and especially protective tariff legislation to guard our industries, are impossible with a Democratic Free Trader of Socialistic proclivities in the White House. To accomplish such measures as these, we must have, as we intend to have, a Republican President, in sympathy with a Republican House and Senate."

"The rise of prices, the high cost of living which reach daily into every home, is the most pressing, as it is the most difficult and most essential problem which confronts us. Some of the sources of this trouble can be reached by legislation, although not all, but everything that can be effected by law should be done at once."

"Profiteering, the charging of extortionate and unjustified prices, which is stupid as well as unlawful, are subject now to ample punitive laws. These laws should be enforced, others if necessary added, and the offenders both great and small should be pursued and punished."

"The most essential remedy for high costs (of living) is to keep up and increase production and particularly should every effort be made to advance the productivity of the farms."

HOOVER URGES HEALTH DRIVE

Sends Message to Mothers' Congress in Session Here Today

Herbert Hoover sent his greetings this morning to the Mothers' Congress in the following message:

"If we could systematically grapple with the whole child problem in the United States, if we could insist on the proper conditions of birth, upon proper safeguarding of the general health of children and upon proper education, we could then say with confidence that the whole problem of Americanization would be met in 20 years by its complete accomplishment; that our public health and efficiency would be enormously improved; that the sanity, morals and stability of the whole population would be advanced beyond anything that any nation has yet aspired to."

"We have amply demonstrated in this country that if this sort of thing is to be accomplished it must be developed out of the conscience of every separate community. Such problems cannot be solved by benevolent dictatorship or the central government. The solution must come from the devotion of small groups in every center, spreading thought and service into every individual home."

The message was greeted with cheers, as also was one from Joseph Daniels. The morning session was devoted to reports from presidents of state branches and committees. There was considerable discussion over a motion by Mrs. C. Arthur Varney of Washington state providing that a committee should be appointed to place before the state branches a plan whereby they, as the National Congress of Mothers and Parent-Teachers' associations, may eventually possess the present national headquarters at Washington, D. C., if they so desire.

Trustees are holding the deed to an attractive building at 1314 Massachusetts ave., which is used as the headquarters of the congress. The congress has an endowment fund of \$7,127, according to a report rendered this morning.

DRIVE WILSON DYNASTY FROM POWER; KILL LEAGUE OF NATIONS, URGES SENATOR

Keynote Speaker Defends Opposition to League of Nations; Attacks Administration Stand On Mexico

(By the Associated Press)
CHICAGO—The country must drive President Wilson and his "dynasty" from power and defeat the league of nations as he desires it, declared Senator Henry Cabot Lodge, temporary chairman of the Republican National Convention, in his keynote address here today.

Defending the senate's opposition to the treaty of peace as a high and patriotic duty, the senator flung down this gauntlet: "We make the issue; we ask approbation for what we have done. The people will now tell us what they think of Mr. Wilson's league and the sacrifice of America."

While emphasizing the point that around the league must be waged the 1920 presidential campaign, and devoting much of his speech to arraignment of the Wilson administration, the senator found time to lay before the delegates the stand of the republican party on other salient problems facing the nation.

Chief among these was Mexico. Declaring it was time for the United States to take a firm hand in things Mexican and end the "disgraceful record" of the last seven years, Senator Lodge urged that this country let the Mexicans choose as their president some strong and upright man who is friendly to the United States and determined to establish order and then lend him a real and cordial support.

"Mexico lies at our doors," he declared. "It is a primary duty for us to deal with it under the Monroe doctrine, but nothing has been done and yet we are asked to take a mandate for Armenia."

Salient points made by Senator Lodge were: "The phrase 'government ownership' means not only that the government shall own the railroads but also, it is to be feared, that those who run the railroads shall own the government. General government ownership under our political system would inevitably bring about the mastery of the government by those who operate the machinery of transportation or of any other industries which come into government possession. The rights of the general public, for whom all industries exist, would disappear under this scheme and nothing would be left to the people except the duty of paying taxes to support the roads."

"Over 600 Americans have been murdered in Mexico. Carranza insulted the American government in every possible way and still nothing was done. We fell so low that when an American was seized by one of the many bands of brigands and held for ransom, all that the government of the United States would do, was to offer to be the channel for conveying the ransom of their citizens to the highway men who had seized them."

"We have watched and waited long enough. We need a firm hand at the helm. The time has come to put an end to this Mexican situation, which is a shame to the United States and a disgrace to civilization. If we are to take part in pacifying and helping the world, let us begin here at home in Mexico. Let the Mexicans choose as their president some strong and upright man who is friendly to the United States and determined to establish order and then lend him a real and cordial support."

A BET AND DAN—CUPID RESULT IN CO-ED ELOPEMENT

Out of a bet with a class mate, combined with the wiles of Dan Capid, came the romantic elopement and marriage of Miss Mina Myrland, daughter of Mr. and Mrs. A. J. Myrland, a sophomore at the university, and Willard Longcor, a freshman, Sunday afternoon at Belvidere, Ill., in the Trinity Episcopal church, Rev. Garth Sibbald performing the ceremony. A lengthy account of the affair appeared in the Monday afternoon issue of the Belvidere Daily Republican.

A class mate, who refuses to give his name, bet Longcor that he couldn't get "a date" with Miss Myrland for last Saturday night. Longcor took the bet and "date" and took the lady of his choice, hitherto unknown to him, out driving Saturday evening in his Buick roadster. They ran out of gas and while getting a new supply, became pretty well acquainted. They returned to Madison Saturday night, but left again early Sunday morning for Belvidere, where their marriage took place at 4:30. After the ceremony, they went to see Longcor's parents, who live in that city, and a little later telephoned to the Myrlands here. Mr. and Mrs. Longcor arrived in Madison at about 2:15 this afternoon.

LABOR AGAINST MEXICAN MESS

"Hands Off" Mexico One of Score of A. F. of L. Resolutions

(By the Associated Press)

MONTREAL—Resolutions covering political and economic conditions in the United States and labor demands upon the administration forces of that country were presented by the score when the American Federation of Labor opened its second day's session here today.

These resolutions demanded a "hands off" policy toward Mexico, public ownership of railroads with democratic administration, re-affirmation of home rule for Ireland, appointment of a committee to lay foundations for an American labor party, lifting of the blockade of soviet Russia, re-establishment of trade relations with Russia and recognition of the soviet government, impeachment of Atty. Gen. Palmer, condemnation of Postmaster General Burleson, condemnation of industrial courts, repeal of recently enacted railroad legislation enforcing compulsory arbitration and establishment of an educational system on management for the workers.

Another resolution drawn up by the American Federation of Teachers asks for the "democratization of the school systems" by giving the teachers a voice in framing the educational policies of each community.

The national committee for organizing iron and steel workers today presented a resolution asking support for the fight for free speech in western Pennsylvania and aid in financing a legal battle to carry cases now pending to the U. S. supreme court.

Owing to the absence of President Campers, who left yesterday for Chicago, the convention will enact little business until Friday when he is expected to return.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. LEADERLESS MEET FACES GRIM FIGHT

Triangular Deadlock of Wood, Lowden, Johnson Forecast

SEE MANY BALLOTS

Hughes and Coolidge Led Into Large Circle of "Dark Horses"

(By the Associated Press)

CHICAGO—Unique in the annals of the party, the republican national convention assembled today, unbossed, unbridled and with no presidential candidate having enough votes in sight to assure his nomination.

It promises to be a record-breaker in all respects. It may cast more ballots than any other republican convention since Garfield was nominated in 1880 before the party standard bearer is named.

There is still such a complete absence of bosses as to leave the convention leaderless. Chiefs who spoke with authority in the days gone by are standing on the sidelines having a chuckle while the delegates go through the experience of having a "people's convention."

It is true that several scores of delegates are instructed either by their district conventions or by state primaries, but nobody, including their own state leaders, knows how long they are going to stand hithered.

No New Light Seen

Overnight reports and rumors from candidates' camps and delegation headquarters shed no new light on the situation. A triangular deadlock between Wood, Lowden, and Johnson still appeared the almost certain result to come on the first trial of voting strength Wednesday or Thursday, with probably more than a score of favorite sons and dark horses or individual collections shoring more than half of the total vote.

The roll call will give, however, the first clear intimation as to what the mass of more than 500 un-instructed delegates have been thinking as they waited restlessly about the hotel lobbies hour by hour.

It was this situation that gave dark horse talk additional prominence yesterday and with it came an undercurrent of suggestion that after all, it might be wiser to put forward a candidate whose name had not been involved in the senate inquiry into pre-convention expenditures and activities of presidential aspirants.

Again the name of Charles Evans Hughes recurred in these discussions and Gov. Coolidge of Massachusetts was also mentioned. Senator Borah said Judge Hughes would be "formidable" if the convention were compelled to see a dark horse nominee.

Johnson in Massachusetts

The Idaho senator served notice later at Senator Johnson's great mass meeting which was an outstanding convention eve feature, and, incidentally another departure from precedent that he proposed to carry his argument against the league of nations covenant to the floor of the convention itself. Hailed by Senator Johnson, whom he followed in addressing a crowd that jammed the Auditorium theatre, as "pioneer" of the senate battle against the covenant, Senator Borah said he did not propose to compromise the treaty issue. Republican and democratic leaders, he said, were leaning toward such action and Senator Johnson alone of the presidential candidates was not willing to compromise "American independence and sovereignty."

The California senator, presenting his case to an audience largely composed of delegates, declared that the "doctrine of humanity and Americanism" he preached forthrightly, he would always preach "without limit or compromise."

ASK PLANK IN DRY DECISION

Dry Leaders Ask Enforcement of Prohibition Amendment

CHICAGO—There was more talk during the night of the possibility of short cutting convention preliminaries by making the temporary organization with Senator Lodge as chairman, the permanent convention structure. This would save many hours of organization work, it was argued, but no definite step was taken.

One effect of such a short cut would be to assist in getting the tentative platform ready for early approval by the convention. Progress already made, particularly with the treaty plank, was said to be highly satisfactory. There still remain points to be worked over and views to be heard however.

These include platform proposals of the national board of farm organizations in behalf of agricultural interests, efforts of "dry" forces to supplement their sweeping victory yesterday before the U. S. supreme court with a party declaration for rigid enforcement of the law and also the appearance before the resolutions committee of Samuel Gompers and a committee from the Montreal convention of the American Federation of Labor arranged for yesterday.

The supreme court's decision had no marked effect in convention circles. Leaders seemed to feel relief that the matter was settled and that it was now necessary to deal with the issues in the platform. Efforts of the "drys" for a party declaration are designed to put a spoke in the wheel of any movement for future legislation to take liquors and beer off the proscribed list.

ROBINSON CIRCUS STARTED AWAY BACK IN 1824

Third Generation in Family Direct Organization Coming Here

John Robinson's circus, bigger, better and more entertaining than ever will, it is announced, pitch its tents in Madison on Saturday, June 12, for a parade and two full and complete performances. This circus is the only one in the world that has stood the test of time. It was first organized in 1824 in Utica, N. Y., and is now being ably managed by John G. Robinson, who heads the third generation of the famous family.

Every day when the 1,427 members finish breakfast, they begin active preparation for the parade. Well-fed horses and ponies in shining harness and waving plumes take their places before glittering parade chariots; the sound of music is heard from bands perched hazily on high; clowns, chariot-riders, jockeys, Roman Hippodrome riders; camels from the great desert with native riders and ponderous elephants, some bearing a weight of feminine beauty in Oriental costume, make appearance in a picturesque kaleidoscopic pageant more than one mile long.

The Idaho senator served notice later at Senator Johnson's great mass meeting which was an outstanding convention eve feature, and, incidentally another departure from precedent that he proposed to carry his argument against the league of nations covenant to the floor of the convention itself. Relief for Power Cos.—An order by the interstate commerce commission granting priority of shipment for coal is expected to bring quick relief to gas, electric light and power companies from the present serious interruption in their coal supply.

Oscar H. Fogg, acting secretary of the national committee on gas and electric service, said that the commission would probably act because unless relief is granted nothing can avert a shut-down of these plants.

SENATOR LODGE ASSAILS WILSON

(Continued from Page 1)

order and then let the United States give him a real and cordial support, and so strengthen and uphold him that he will be able to exterminate the bandits and put an end to the unceasing civil war.

"When the Armistice with Germany was signed the course to be pursued was clear. That course was to make the peace with Germany at once and then take up for reasonable consideration the question of establishing such future relations with our associates in the war as would make for the future peace of the world. This Mr. Wilson prevented. He went to Europe. He had apparently only one aim, to be the maker of a league of which he should be the head. He was determined that there should be a League of Nations then and there in order to nullify the power of the Senate given by the Constitution of the United States, he decided to make the league an integral part of the Treaty of Peace with Germany. Thus he presented to the Senate, and intended to present, a dilemma from which he believed there was no escape. In order to have peace with Germany, he meant to compel the Senate to accept with it the League of Nations.

"The Republicans of the Senate, perceiving the dangers of the League, determined to resist Mr. Wilson's demand. The American people will never accept that alliance with foreign nations proposed by the President. The President meantime has remained inflexible. He is determined to have that treaty as he brought it back or nothing, and to that imperious demand, the people will reply in tones which cannot be misunderstood.

"We have stopped Mr. Wilson's treaty and the question goes to the people. In 1916 Mr. Wilson won on the cry that 'he had kept us out of war.' He now demands the approval of the American people for his party and his administration on the ground that he has kept us out of peace.

"The League must be discussed in every district and in every state and we desire to have the verdict so clearly given that no man who seeks to represent the people in the Senate, in the House or in any place or in any degree, can have the slightest doubt as to his duty.

"We make the issue, we ask approval for what we have done. The people will now tell us what they think of Mr. Wilson's League and its sacrifice of America.

"They (the people) will tear aside the veil of words woven to blind and deceive and come down to the essential and vital point—Mr. Wilson's plan on one side and the independence and safety of the United States on the other.

"All Americans must join together in their own way and with their own arguments defeat Mr. Wilson's League as he desires it, whether amended by him or in its pristine simplicity.

Senator Lodge charged the Democratic party with responsibility for the "perilous conditions of the hour" and said, if the Republican party fails to grapple it effectively, "the Russian descent into barbarism will begin to draw near."

A beginning had been made, he said, by a Republican Congress in restoring economic conditions, "working under all the difficulties and opposition imposed by a hostile Executive." He enumerated various beneficial measures, adding that the estimates had been reduced over a billion dollars. He advocated enforcement of the laws against profiteering and said it was possible to check the advance of prices by law, for "the control of credits in such manner as to give preference to the most essential products." He described the Railroad Act "as a single great law which in any period would be sufficient to distinguish a Congress as one of high accomplishment."

Stockholders Dissolve Farmers' Packing Co. at Meeting Tuesday

Stockholders of the Farmers' Co-operative Packing Co. voted to dissolve the company and distribute the \$231,480 contained in the treasury to the members at a meeting held in the senate chamber of the capital Tuesday morning. More than 213 farmers from southern Wisconsin crowded the floor and galleries of the senate chamber to register their vote on the dissolution. The capital stock of the company was \$760,000. There are 5,231 stockholders. Under the state law 313 constitute a quorum. The business session was brief. Pres. W. E. Moore of Doylestown called for the reading of the report of the treasurer, Frank X. Schoen, of Madison, showing the money held in trust by the Wisconsin Central Trust Co. totals \$231,480. After the report had been accepted William H. Spohn explained the legal steps necessary to dissolve the company, and the stockholders voted to dissolve, providing for distribution of the money after Sept. 5, 1920. The 15 directors met at the office of Hill & Spohn Tuesday afternoon to arrange for distribution of the money in the treasury.

The packing plant here was sold to the Oscar F. Mayer Packing Co. last August for \$300,000. The co-operative company had been organized in 1913 with a capital stock of \$500,000, which was later increased to \$700,000. The return to the stockholders will be approximately one-third of their original investment, but the farmers declare that the prices they received for their livestock more than compensated for the apparent loss.

W. W. Gillies of Evansville is vice president and Herman Bilgreen of Iron Ridge is secretary of the company.

SPEED IS GREEK TO R. L. ASQUITH

"Do you mean to tell me that you do not know whether you are driving a car at 15 miles an hour or at 40?" inquired Judge Hoppmann of R. L. Asquith, who was arraigned before him this morning, charged with speeding, according to an officer who followed him on a motorcycle, at at least 40 miles an hour. "I can't tell in the car I'm driving," responded Asquith. "I don't know what speed I was making." After a while, however, Asquith said he believed he could tell the difference. "Twenty-five dollars and costs," pronounced the judge.

\$35 for Five Years Use of \$100

State regulation authorizes us to make that promise.

Steady, solid, prosperous growth of this permanent, necessary, public service business assures our ability to keep it.

\$100 invested in our 5-year, 7 per cent gold notes earns \$7 a year, payable \$3.50 March 1, \$3.50 September 1—or a total of \$35 in five years.

The notes come due and will be paid off in cash March 1, 1925.

You can buy them in \$50, \$100, \$500 and \$1,000 sizes. The \$50 note earns \$17.50 in five years; the \$100 note earns \$35; the \$500 note earns \$175; the \$1,000 note earns \$350.

You clip the 7 per cent coupons, as on Liberty bonds, bring or send them in and get interest payments in cash.

Hundreds of Wisconsin wage earners—both men and women—have taken advantage of this chance to get a safe 7 per cent interest rate on their savings.

Better make application right away if you want any of these notes, because the \$500,000 issue will soon be sold out.

We are also selling, with the State's authorization, a \$500,000 issue of 7 per cent preferred stock, in \$100 shares.

This stock pays \$7 a year in cash dividends on each \$100 share—\$1.75 July 15, \$1.75 October 15, \$1.75 January 15 and \$1.75 April 15. In extra good years it is likely to pay more than \$7 a share, since it shares equally with the company's common stock all dividends paid over 10 per cent in any year.

Prosperous farmers, businessmen with surplus capital, and others who want a safe, permanent investment paying a regular and dependable 7 per cent income, have bought over \$200,000 of this preferred stock, and are taking more from day to day.

Buyers of the 5-year notes have the privilege, on any interest date to September 1, 1924, of exchanging them at par for shares of the preferred stock.

HEALTH GAME VITAL FOR CHILDREN; HERE ARE RULES FOR TOTS TO LEARN

Mothers' Congress in Madison Formulates Plan for Child Welfare; Just as Easy as Tiddle-Dee-Winks and Lots Better in Long Run

Football, baseball, marbles and tiddle-dee-winks all have their proper place in the game-life of a normal child.

But there is one game, more vital than all these, that is being stressed at the conference of the Mothers' and Parents' Teachers' associations in Madison.

That is the health game. The rules of the health game, stressed today during the round table discussion of delegates, have been formulated as follows:

1. A full bath more than once a week.
2. Brushing teeth at least once a day.
3. Sleeping long hours with windows open.
4. Drinking as much milk as possible, but no coffee or tea.
5. Eating some vegetables or fruit every day.
6. Drinking at least four glasses of water every day.
7. Playing part of every day out of doors.

As part of a health crusade in Madison, N. J., health jingles, songs and familiar nursery rhymes, proved a great success.

Delegates to the convention point with pride at this from a 9-year-old shaver:

Little Jack Horner
Sat in the corner
Cleaning his finger nails.
His face was washed clean.
His hair was combed straight.
And he certainly did look great.

MENORAH STARTS MOVE TO SECURE BIG CONVENTION

Organization Ends Successful Year With Banquet Attended by 75 at Capitol

"The Menorah association stands for the scientific investigation of the products of Hebrew Culture and Ideals," said Prof. B. H. Schlemowitz, of the Marquette Medical School and president of the national organization, when he presented the shingles at the ninth annual banquet of the local chapter in the Capitol cafe, Saturday, "Menorah," he said, "it stands for the development of an inspiration for the advancement of such culture in an unapologetically non-sectarian spirit."

The banquet was featured by the attendance of a number of other national officers, including Prof. I. Lubin, of the University of Michigan who spoke on "Menorah Ideals in the New Era." About 75 persons attended.

A movement was put on foot which if it materializes will bring to Wisconsin the next national meeting of the organization, insuring representation of about 70 universities and colleges throughout the United States and Canada.

William Stern, president of the local chapter, presided as toastmaster. Toasts were responded to by Prof. L. B. Wolfenson, Prof. R. E. N. Dodge, Dr. H. M. Kay, and Miss Nella Wolfson, president of the Chicago chapter. Following the banquet and speeches the time-honored ceremony of presenting each member with a shingle signifying membership in the national Menorah was conducted by President Schlemowitz.

OHIO PLAN OF TAXATION URGED FOR ADOPTION BY STATE OF WISCONSIN

Scheme Would Relieve House Shortage and Reduce Rents, Says A. B. Taynton, Forward Press Secretary

"A relief for conditions which make houses so scarce and rents so high would be brought about if the state of Wisconsin would adopt the Ohio plan of taxation," said Alfred B. Taynton, secretary of the Forward Press Activities, in an interview for The Capital Times.

"Our investigations prove," said Mr. Taynton, "that in this state 84 per cent of all taxes are paid by real estate owners. Under the Ohio plan, real estate would pay only 32 per cent. This would mean a reduction of 25 per cent in real estate taxation. If prospective builders of homes and apartment houses could be relieved of 25 per cent of their taxes this would be a great encouragement, and would at once induce many persons to build."

The Wisconsin Equitable Tax Union now being organized is carrying on a campaign in Wisconsin to secure the adoption by this state of the Ohio plan. Meetings are being held, addressed by the well known Chautauqua lecturer and tax expert, Frank S. Regan, and by William C. Dean. They spoke at Viola, Crawford county, last night. They speak at Norwalk tonight, at Wilton Sunday night, at Holman Monday night, at Alma Center Tuesday night and at Whitehall Wednesday night.

Mr. Regan has spoken in Madison before the Real Estate state convention. He is a lawyer, has been a state senator from the Rockford district of Illinois, and is an entertainer as well as a lecturer. He made his first public appearance as a talker when but 11 years old and has been at it ever since. He uses paper and a crayon now, instead of chalk and a blackboard. He is talented as a cartoonist and has a natural fund of wit and humor as well as artistic skill.

"The meetings which are being held," said Mr. Taynton, "are paid lectures. We depend upon receipts at the door and the small membership dues of our tax union, to defray the expenses of our work."

"Our publication, The Campaigner, formerly devoted to prohibition exclusively, is now devoted to the advocacy of the Ohio plan of taxation. We were led to take it up partly to show the people how, without any state revenues from the liquor business, public expenses may be equitably provided for, taxation lessened for those who cannot afford to pay, and increased for those who can afford to pay."

"But why have you fixed upon an arbitrary rate of one per cent on all assessed valuations?" Mr. Taynton was asked.

"It is not an arbitrary rate," he answered. "It is a rate which experience has demonstrated to be about right for all the expenses of government economically administered."

"It is the rate that prevails in Ohio and which provides ample revenue except in four of the larger cities whose bonded indebtedness was large. In these cities, Cleve-

land and Cincinnati, being among the number, a tax rate of a little over one per cent is permitted.

"You must remember that our plan requires the assessment of all property. Every man would be assessed for what is actually worth. There will be no exemptions. All real estate mortgages will be taxed and the amount of the mortgage will be deducted from the assessment of the real estate."

"Do you appreciate how much real estate taxation has increased?" Mr. Regan spoke sometime ago at Lyndon. A woman who was acting as janitor of the building where his meeting was held afterwards showed him her tax receipts, proving that her little home on which she paid taxes of \$2 per year in 1900, was now taxed \$17.25 per year."

"Would you favor the repeal of the state income tax?" Mr. Taynton was asked.

"Certainly," he answered, "there are so many evasions and exemptions which the rich avail themselves of, that people with smaller incomes pay more than their just proportion. Besides, under our system it would be unnecessary, because a straight assessment of one per cent, on the actual amount of property which each citizen owns would be ample to take care of all state, county, municipal and town expenses."

"As Mr. Regan puts it, the man on the farm and the man with a home is always on the honor roll when it comes to paying taxes. It is the big corporations and men who own certain kinds of property other than real estate, who have the privilege of being excused, or allowed an exemption or an offset in the matter of taxes."

"A man worth \$20,000,000, who has a home on the shores of one of our small lakes has a fortune in stocks and bonds, and without any proceedings in bankruptcy, fails utterly to get on the tax books at all. And that is really too bad, because if he were made to pay taxes on his \$20,000,000, it would materially reduce the taxes for the real estate owners of this state."

"I have been in Wisconsin towns where the taxes paid by the people on \$100 valuation, have been \$2.75, \$3.42, \$3.67, and even \$5.00. That is saying taxes with a vengeance. No man should pay more than one per cent on a valuation of \$1. But in order to have matters that way, you will have to make a lot of people in Wisconsin pay taxes who do not pay taxes at all now."

"Is the Equitable Tax Union to take part in any political movements?" Mr. Taynton was asked.

"No," he said, "ours is not a political movement, nor is it involved in any way with any personal, partisan political movement or ambition. Our aim is to build up a right public sentiment for tax reform and when the next legislature convenes go to it with a demand for the enactment of legislation establishing the Ohio system."

W. A. A. SPREAD HELD TONIGHT

Mrs. Lois K. Rosenberry, Dean Nardin and Miss Trilling Speak

The annual banquet of W. A. A. will be held tonight at 6 o'clock in the Capitol cafe. Almost 125 tickets have been sold and it is expected that the affair will be one of the largest and most elaborate in the history of the association.

Mabel Winter heads the committee in charge of arrangements, with Dorothy Carlock in charge of decorations and Mary Roach managing the ticket sale.

A feature of the program will be speeches by former dean of women, Mrs. Lois K. Rosenberry, and by Dean P. Louise Nardin, and Miss Blanche M. Trilling, head of the women's department of physical education.

The toasts will include responses by representatives of each class, Phyllis Hamilton speaking for the seniors, Marguerite Crocker for the juniors, Ellen Correll for the sophomores, and Marjorie Severance for the freshmen.

The banquet will be the last opportunity this year for women to join W. A. A. or to get pins, and emblems, and the awards will be made by the president during the program.

LEWIS ESSAY PRIZE GOES TO H. S. HAGEN

Herbert J. Hagen, freshman in the Course in Journalism, won first place in the Lewis prize essay contest with "Gilbert K. Chesterton: A Critical Study."

Among the others who placed are Kenneth Douglas, with "In Defense of Golf," second place; Francis H. Gannon, "The Intellect in Milleniums," third place; Ralph M. Gophlan, "Science and Humanism: A Compromise," fourth place; and Carl R. Rogers, "My Books," fifth place.

The Glee club entertained with a formal dinner and dancing party at the Candy shop Saturday night. Boyd's orchestra played for the dancing and the party was chaperoned by Dr. and Mrs. C. H. Mills, Prof. and Mrs. L. L. Townsend, and Dean and Mrs. S. H. Goodnight.

1921 BADGERS AWAIT OWNERS AT MUSIC HALL

Distribution of Big Year Book Begins at 7:30 Tomorrow Morning

Tomorrow will be Badger distribution day.

Beginning at 7:30 a. m. when the first person in line at Music hall will receive a free copy autographed by the editor-in-chief and the business manager, the books will be handed out at the rate of 1,000 per hour.

From 7:30 until 2 p. m. only those persons presenting their receipts will receive books. From 2 p. m. until 7 p. m. those persons who have not receipts can secure their volumes. All books must be paid for in full. The price will remain at \$4.25. The management asks that no checks be offered in payment.

With pillows, blankets, books, and rations for 38 hours stacked about them two figures sat perched on the steps of Music hall at 5 o'clock yesterday evening awaiting the distribution of the Badger at 7:30 tomorrow when they hope to acquire the free copy for the first ones in line.

The monopolizers gave their names as William Bunge and George Hathaway, members of Phi Psi fraternity. At 3 o'clock this morning a passerby reported they were sleeping lightly, and mumbling words of aspiration.

Thursday morning those persons on the waiting list will be given books, and if there are any books left over which the waiting list could not take care of, they will be placed on open sale.

FRENCH PLAYS NET \$129 FOR ORPHANS

The total receipts of the Soiree Francaise given May 19 in the concert room of Lathrop hall were \$177. The expenses amounted to \$48.82 and the balance converted into francs at the current rate of exchange amounted to 1732.16 francs, which sum was forwarded 15 days ago to the "Oeuvre des Orphelins de la Guerre," through the American Express company.

Over 500 tickets were sold. This entertainment was under the general direction of M. Gaston C. Chabaud, and it was through his efforts and the co-operation of the French students studying at the university that the Soiree Francaise was a success.

LAST PIANO RECITAL ON THURSDAY NIGHT

The final piano recital of the year will be given by Marjorie Lucy in the auditorium of Music hall Thursday evening, at 8:15 o'clock. Her program will consist of the Bach-Lute Fantasia and Fugue, G minor; Chopin Etudes, A flat major and E major as well as the Tchaikovsky No. 1; Balakirev's Islamey, Oriental Fantasy; Liszt Etude in F minor and Polonaise in E major. She will also play Grieg's A minor Concerto with orchestral accompaniment by the University orchestra. The recital is open to the public.

The amount pledged by the senior class for the chimas has reached \$1,150. This is scarcely more than half of the total of \$2,000 which each senior class is expected to pledge. The work of the drive, under the direction of James Lindsay, will be carried on energetically during the coming week, and it is hoped that the drive may be completed by the opening of examination week.

SENATOR WILCOX IN ADDRESS ON POLITICAL ISSUES

Battling on the floor of the Chicago convention during the first two days of the session will be described by Senator Roy P. Wilcox when address before university students Wednesday evening at 7:30 o'clock in the engineering auditorium. The senator will arrive here Wednesday afternoon from Chicago. After discussion of national questions, he will speak on the state political situation.

After the address Senator Wilcox will answer questions raised by his auditors. The meeting is being arranged by the Wilcox club. It is open to the public.

DEVIL DOGS AND SAILORS TO SHOW OPEN AIR MOVIE

The navy and marine corps recruiting party will give a free open air moving picture show to the public in Madison, June 11.

Two marines and three sailors will travel by motor truck from Milwaukee on a tour which includes the most important cities of central Wisconsin.

The moving picture machine is unique; a portable gas engine and projector mounted on the truck, and a screen which can be placed in position in almost any situation.

The films to be shown by the recruiting party portray the life aboard ship, and at the shore stations. Among them are "Crossing the Line," the "Peacekeepers" and "The Navy of Two Seas."

In the party to visit Madison are Sergts. James T. Williams, and Ed-

MARKETS

STOCKS RALLY AFTER SETBACK

Reading Leads Reaction After Early Morning Slump

NEW YORK—After an opening setback the stock market rallied on the further strength of Reading which rose almost four points. New York Central also developed a firmness with numerous secondary issues. These included Texas Pacific, Kansas City Southern, St. Louis and Southwestern preferred, Rock Island and New Haven at gains of 1 to 2 1/2 points. Other strong stocks included American Sugar, Industrial Alcohol, Crucible Steel, Chandler Motor and Atlantic Gulf. Marine preferred made up its loss, but paper squares for part of their recent advance. Indications of increasing firmness in cash money were seen in the opening rate of 7 per cent. The market lapsed into dullness before noon.

CORN PRICES ARE CLIMBING

Celerity of Offerings Causes Boost on Tuesday

CHICAGO—Celerity with which offerings were absorbed made the corn market climb today after a decline at the opening. The demand came chiefly from commission houses and shorts. Initial weakness was ascribed to a moderate enlargement of receipts here. Opening quotation which ranged from 1/2 to 1 1/2c lower with July 1.70 1/2@1.71 and September 1.56 1/2@1.57 were followed by a sharp rise to well above yesterday's finish. Oats displayed strength from the outset. Continued smallness of receipts was the ruling factor. After opening 1/2c off to 1/4c advance, including July at 96 1/2@97, the market scored a material upturn. Provisions were dull and easier in sympathy with hogs. Toward the last prices underwent a setback. The close was unsettled, 1/2 to 1c net lower with July 1.70 1/2@1.71 and Sept. 1.57 1/2@1.57 1/2.

SHOE PRICES TAKE A DROP

Reductions of From 25 Cents to \$2 a Pair by St. Louis Manufacturers

(By the Associated Press) ST. LOUIS—Reductions in the wholesale prices of various styles of shoes of from 25 cents to \$2 a pair were announced today by three of the largest shoe manufacturing establishments here. The reductions are all on shipments made after June 1; it was explained and are retroactive to autumn orders placed prior to June 1. A material decline in the retail price of shoes is expected as a result of the reductions, it was said. The companies announcing the reductions are the International Shoe Co., the Hamilton Brown Shoe Co., and the Brown Shoe Co. Shoes that formerly sold at wholesale for \$12 a pair have come down to as low as \$10 and the regular retail price of \$4 to \$7.50 a pair are being sold at a minimum reduction of 25 cents, it was explained.

BERTHA KAHL IS GRANTED DIVORCE

Mrs. Bertha Kahl of the village of Middleton was granted a divorce Tuesday morning in superior court from her husband, Robert, who did not appear to contest the action. Mrs. Kahl was allowed \$300 a month alimony and given the custody of four children out of the six, one boy remaining with his father, and one girl, who is self-supporting, is living with relatives. Cruel and inhuman treatment are given as grounds for the divorce, as well as neglect to provide. Kicking, striking and the use of bad language were alleged.

WANTED, A MAN

THE convention opens, opens auspiciously on the surface. But who can tell how it will end? Nobody exactly. But this we know, secret and hidden forces are at work. Never was there a time when the powers of wealth and privilege were more alarmed and anxious. Never were they more alert and active. Their hope is with the 509 uninstructed delegates, and the combinations they may be able to make with them.

There will be a big fight over the league plank, over a free speech plank and planks intended to catch the farmers' and the workingman's vote.

But whatever the result, not much difference will it make with the voters. As never before they appreciate that platform planks are made to get in on, and not to stand on after election.

Betrayed so often and so viciously, the voters demand a MAN, a man whose record shows he cannot be bribed, intimidated nor wheedled.

There are few rays of hope beaming for the common people from Chicago.

THE MOTHERS' PEACE LEAGUE

THE mothers are the hope of America. And it gives hope and renewed confidence in our future to find that the Mothers' Congress has the courage to take a stand against militarism, and the art and science of human slaughter.

Now buddies, that's the truth. Why fool ourselves? We are voting to force our younger brothers and our sons into a system of enforced military servitude. I, for one went to France just to smash that whole damnable system, and I am not going to vote to perpetuate it here.

So spoke a returned soldier at a Legion meeting that was about to pass a motion endorsing the Wadsworth bill for universal military training. And he showed how the bill would take young men away from their homes, deprive them of civilian rights, place them under centralized control, at enforced military labor, subject them to court-martial for every infraction of discipline, and enroll them permanently in the "reserve" to be automatically called to the colors at any time of war. There is no real distinction between universal military TRAINING and universal military SERVICE in the Wadsworth bill, nor the Chamberlain bill nor the Moseley bill. For a soldier who graduates from a conscription training camp remains a conscript until he is 45 years old. And no provision is made for draft boards to inquire into a man's domestic or economic conditions.

When war is declared he must say good-bye to home and friends and GO, no matter how wicked he may think the war aims for which he is called upon to fight.

The Mothers' Congress has not been fooled as to the character of the bills which were before the congress. They were PRUSSIAN. And so the annual report of the Mothers' Congress says:

Possibly the most important work for the future welfare of the children has been done in bringing to the attention of all women's organization the military bills proposed by the senate military committee and in enlisting their cooperation in protesting against them. For the present the bills have no chance of being adopted, but constant watchfulness is necessary to prevent those who would require compulsory military service from every 18 year old boy from succeeding in their efforts to introduce militarism in this country. Universal physical education will better fit boys and girls to meet the emergency of war if it comes, but better than that it fits them to meet the duties of life in peace as well as war.

The Mothers' Congress favors the Fess bill, or the Smith-Towner bill, for universal PHYSICAL training. So called universal military training is a misnomer in this respect. It provides training only for those who need it least, and neglects those who need it most. The training is only for "ABLE BODIED YOUTHS."

If the mothers of America will stand by the principles of the Mothers' Congress they can thus form a league of peace that WILL prevent wars, instead of fostering them.

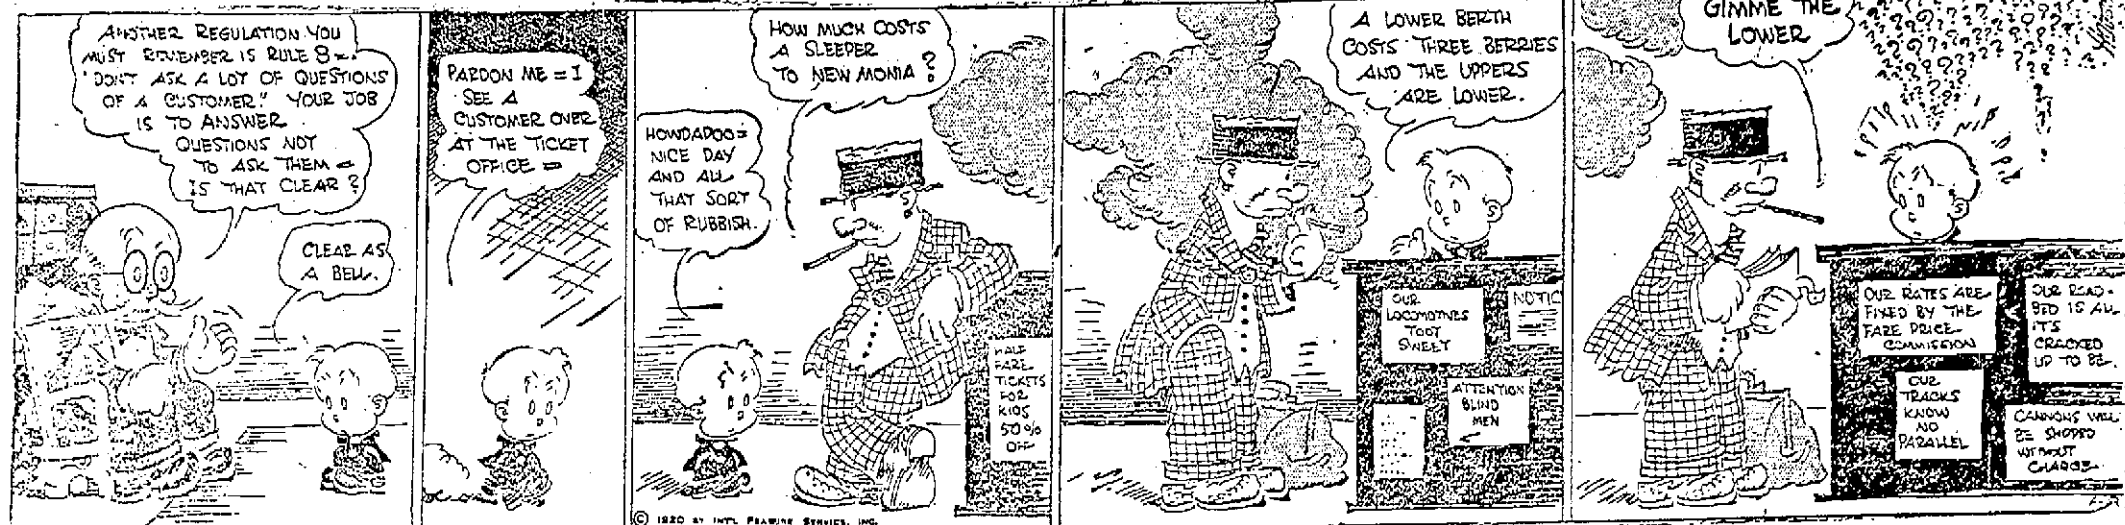

And when we elect to our congress at Washington a due proportion of America's mothers peace and good will will supplant war, war profiteering, and war hatred.

GROWING THE MILLIONAIRES

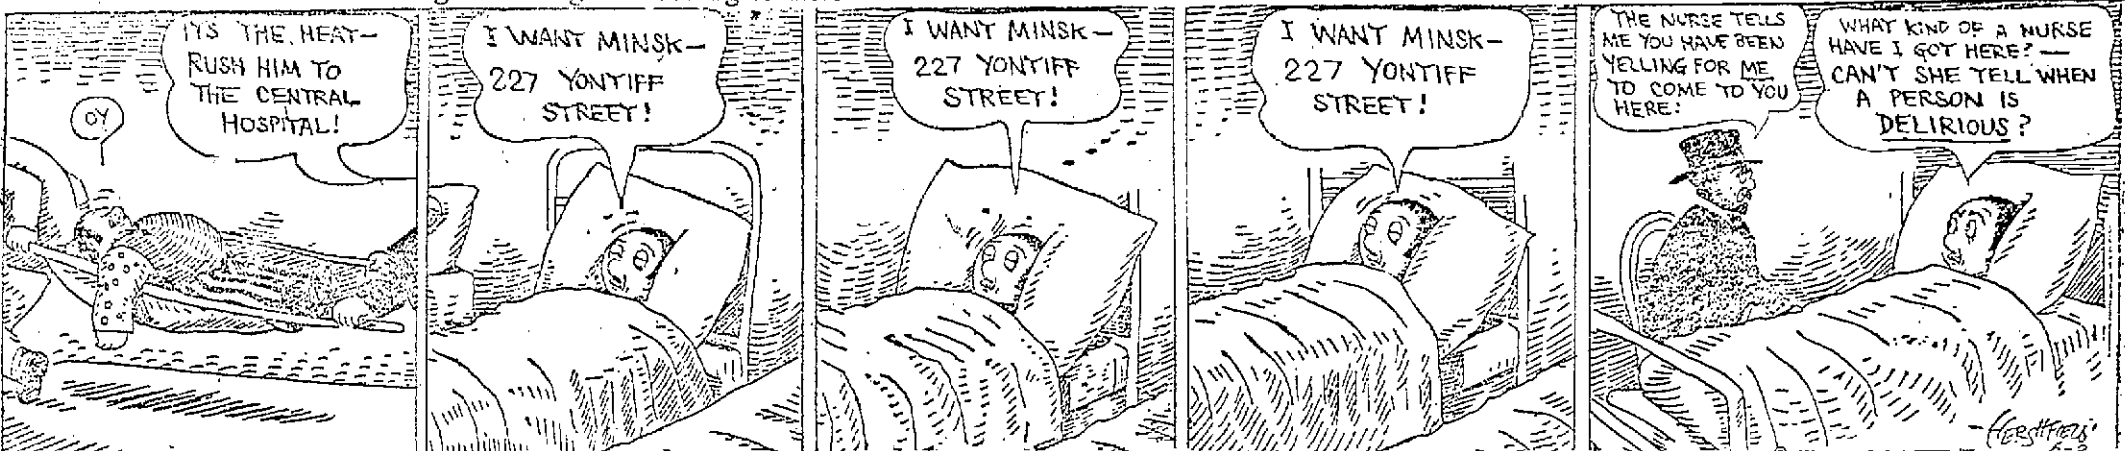

WHAT will the convention say about the millionaires? Congressman Rainey said a few days ago his investigation proved that we grew during the war 23,000 new ones. He also declared that 69,000 men whose income in 1914 exceeded \$20,000 a year, received \$3,000,000,000 more during the war years than during the three pre-war years. Both statements are undoubtedly deductions from the income tax returns. Mr. Rainey also pointed out that one man reported an income last year of \$21,000,000; that two received more than \$16,000,000; that five had more than \$5,000,000 each; and that 248 enjoyed a humble competence yielding at least \$1,000,000.

Congressman Griffin of New York pointed out that the number of persons reporting incomes above \$100,000 rose from 2,548 in 1914 to 6,664 in 1917. Estimating that incomes are ten per cent on capital (a figure that appears to be accepted by most of those making these computations), we should then have 6,664 millionaires in 1917, an increase of 4,116 in three years. Figuring that income is but five per cent on capital, the number of millionaires in 1917 would rise to 19,103; while if it is estimated that capital in 1917 yielded a return of 15 per cent, the returns would show but 3,362 members of the merry millionaire class.

Voice of the People

FROM THE EIGHTH DISTRICT.
To the Editor of The Capital Times:
In the issue of The Capital Times of June 1st, you print an editorial under the caption of "The Acid Test—Their Records" in which you seem to take it upon yourself to look after the affairs of the people of the eighth congressional district: take them under your protective wing, so to speak.

The days are gone by when people will fall for such records as that of Edward E. Browne, our present congressman. We have watched very carefully the record of this man and we have found that it is hard to ascertain whether he is fish, flesh or foul so far as the interests of the people are concerned. He has been in our estimation a professional dodger in most instances.

We in this district are well organized in the Nonpartisan league and we organized to better our conditions and not for the purpose of re-electing a lot of old gangsters who think with others that they have a mortgage on the political trough.

When a bill was introduced in congress to tax the trust companies and banks one dollar a thousand dollars on their deposits, we find Mr. Browne opposing it, and when a few days later a bill was introduced to put a war tax on our sick children we find Mr. Browne supporting it (tax on medicine).

In 1916 Mr. Browne voted wet and in 1919 he voted dry, why on both sides of the fence? Simply to get votes, and as far as we can see or hear, either from him or others, he dodged La Follette at every turn during his last campaign. Do you call this standing by Bob? He would not face the wind when it took real courage to stand at the very foundation of democracy when he voted to expel Victor L. Berger from congress after he had been twice elected by a majority of the voters of his district, and at that time you also condemned congress for its stand. Why this change of heart?

Why does the Searchlight, printed at Washington, D. C., classify him as a MAWSE member? which is the abbreviation of "Might as well stay home." You surely would not classify the Searchlight as an organ of Big Business, as a matter of fact, you know it is not. We have been readers of your papers for some time and as a matter of fact, have boosted it whenever occasion has presented itself, and believe you want to be right,

but we will ask one favor of you in the name of Democracy and Justice, and that is, kindly let us handle the congressional situation in this district; we are on the ground and know the facts (thanks to the N. P. L.) Kindly leave it to the people here who have put up the money to pick their own man, then if we make a mistake you will not be responsible. On the other hand we will promise not to interfere with the progressives of your district, but will assist in any possible way to help them in the fight after they make their decision.

In the name of Democracy and fair play, let's not get our political wires crossed on the eve of victory, and let it be understood that the eighth congressional district will not impede the ship of progress by hauling ballast when the same space can be utilized with valuable cargo.

GOOD FRIENDS

Gov. Philipp and Senator Lenroot deny that there is now a "political coolness" existing between them. Their close political advisers and friends insist that the attempt to cause a feeling between the governor and the senator was the work of mischief-makers and that their enemies have been balked in an effort to start a big row in the republican party in this state. Gov. Philipp is reported as saying:

"I have had no break with Senator Lenroot and there is no misunderstanding between us. We are friends. Senator Lenroot has assured me that no newspaper interview, and the personal political discussions that went with it, of the New York correspondent who interviewed Mr. Berger following the delegate election, was circulated in Wisconsin without his knowledge. Circulation of this interview throughout the state, he told me, was wholly unauthorized so far as he was concerned. I am entirely satisfied with Senator Lenroot's statement. It is a closed incident between us. I feel that the senator was the victim of fool friends, but he should not be held responsible for things that are done without his knowledge."—Racine Journal-News.

At The Theaters

At the Majestic—With the war over and the great American public looking for something original and novel, it is no wonder what the movie fans of this city gave such a rousing welcome to the big dramatic recital of the life of the famous Dalton boys, "Beyond the Law," as presented at the Majestic theatre yesterday and which will also be shown today. In this production Emmett Dalton, the sole survivor of the Dalton quartet of bandits, has the leading role. He also is responsible for the authorship of the narrative, which was published as a serial recently in the Wide World magazine. There is a beautiful romance and the scenery, laid in the Rocky mountains is unsurpassed. It shows how they were driven to crime by conflicting circumstances.

At the Grand—The latest Eugene O'Brien picture, "The Broken Melody," which has been running at the Grand, will close its engagement tonight. This picture clearly surpasses anything previously attempted by Mr. O'Brien; it is a finely conceived play that strikes a responsive chord in the hearts of everyone. Mr. O'Brien will be followed at the Grand by William Farnum, who will open tomorrow in "Heart Strings."

At the Strand—"Elmo," the new Mabel Normand-Geldwyn picture, which will be shown at the New Strand for the last time today, is unique in that it is almost entirely a "man" picture. Even the petite little star, seen as Pinto, a ranch girl, considers herself qualified by her courage and self-reliance for an honorable position among the members of the stronger sex. As added attractions Bray Photograph, comedy cartoon, and an adventure scenic entitled, "The Forbidden River" will also be shown. Margaret Clark in "Easy to Get," a comedy-romance of constant laughter, will open a four-day engagement at the New Strand theatre commencing Wednesday.

At the Fuller—Score another tremendous triumph for Nazimova. This amazing star of the screen appeared in her latest production, "Stronger Than Death," yesterday at the Fuller theatre, and besides packing the house, won new laurels for a portrayal of a character which takes rank with the greatest roles of the spoken or silent drama. This picture will be on view today, tomorrow and Thursday. The fourth of the big series of photodramas booked for the summer weeks at the Fuller will come next Sunday when Friella Dean is offered in "The Virgin of

On The Side

A LITTLE SLICE O' LIFE

There is a pleasant gentleman who calls at my house every day. Sometimes he calls twice, and he chuckles the kids under the chins and they call him by his first name. And they run down the street to meet him and travel along with him for a while. All through the winter, even when a blizzard tied us all up in a knot and the snow was hip-deep and the cold was severe, and again when it rained on the snow and formed a crust and he broke through the crust at every step and could barely plod along; when there was not a street car running nor an automobile moving, and we were practically cut off from the world, this man came along every day and I never heard him complain. Nor knock the weather nor speak of the heavy load that he had to carry. And in the heat of summer when other people are resting in the shade, he comes along promptly on time with his pack which is about all the average man wants to lift. When others have struck,

JOHNSON

The big issue in the coming campaign will be "The League of Nations." Wood, Harding, Lowden and Hoover are "pussyfooting" on that issue and are willing to stand on any kind of a platform that is adopted by the party. Not so with Johnson. He is opposed to the league and he makes no bones in saying that he is at the convention to see that no pussyfoot plank is adopted on that subject. One may be opposed to Johnsons stand upon that subject. But they can not help admiring a man who has the courage of his convictions. If Johnson should be nominated one would know what to expect. Can as much be said of the others?—Portage Register-Democrat.

A bulletin board for the benefit of senior women has been placed in Lathrop hall, and all women of the class have been asked to consult it frequently. It will contain the notices of all meetings and any notices pertaining to the class.

THE WONDERS OF SCIENCE

An oyster produces 400,000 eggs annually, but, even at that, an oyster leads a rather uneventful life. There is said to be little choice between an upper and a lower berth on a trans-Atlantic airplane. The unicorn is a one-horned animal which would look funny if there were such an animal.

If a man jumped off the top of the Woolworth building at 10 o'clock in the morning he would reach the ground in plenty of time for lunch. All the salt in Great Salt Lake, Utah, would fill a saltshaker as large as the Equitable building, but who would shake it?

THE SOLDIERS' BONUS BILL

The bonus bill which was jammed through the house of representatives a few days ago for political effect is liable to prove quite the contrary—it will act more as a political boomerang. The bill passed by the house was an illly considered bill. The senate will adjourn without acting on the bill until after election. It was not an honest effort to reach provide a bonus for the soldier, but a little campaign ammunition for members of congress. We mistake the soldier voting element if they can be fed upon chaff by candidates who passed a bill knowing it would not become a law. The bill was passed through the house under a "flag" rule.—Portage Register-Democrat.

ENGLAND AND RUSSIA

It is reported from London that the Bolsheviks have established a central office in London and trade is to be resumed between England and Russia. While England is grabbing up the world trade, we are simulators with no other purpose in mind than to make the world safe for English greed. How English statesmen like Lloyd George must despise us, as they cannot think of us as anything but driving idiots. Aren't we like the fool that Babe-lash tells about: "By robbing Peter he paid Paul, kept the moon from the wolves, and was ready to catch larks if ever the heavens should fall."—Sheboygan Herald.

A THIRD PARTY

The Wisconsin delegation to the Chicago convention does not this year present La Follette as a candidate, but the delegation is instructed to support a "platform" for the republican party embracing these principles and a candidate for president whose public record is a guarantee that he is in full accord therewith.

La Follette never has bolted the republican party. He is entirely out of accord with what represents the party now here in Chicago, and the Wisconsin delegation will be like a voice in the wilderness. If La Follette is nominated by the major parties and laborers who will meet here next month, his name will go on the ballot, not as a republican, but by petition as some kind of an independent under some name to be selected when the convention meets.—Sheboygan Press.

BLUE DRAGON ELECTIONS
